SUBJECT: Qualification of Enviro Tech International, Inc. Solvent Remover Ensolv-NDI

1. The Enviro Tech International, Inc. product Ensolv-NDI was found to conform to the requirements of SAE AMS 2644. This conformance is based in part on the recent change in the qualification process, which requires the manufacturer to provide a material toxicity disclosure and certification. The US Air Force will no longer perform toxicity reviews of candidate products. A change to SAE AMS 2644 is pending to address this issue.
2. The products listed below are granted conditional approval and will be listed on the next revision of QPL AMS 2644 when the proposed change to the toxicity review requirements of SAE AMS 2644, paragraph 3.2.3 is balloted and approved.

Government Designation	Manufacturer's Designation	Qualification Reference	Manufacturer
Class 1 Solvent Remover	Ensolv-NDI	AFRL/MLS 05-046	Enviro Tech International, Inc
